

IPR Cell

University of Rajasthan

Coordinator: Prof. Sumita Kachhwaha

IPR cell of University of Rajasthan is situated in ECH building. The Intellectual Property Rights (IPR) cell in a university is playing a crucial role in fostering an environment of innovation and protecting the intellectual creations of its faculty, students, and researchers. The IPR cell is instrumental in ensuring that the university's intellectual assets are appropriately managed, protected, and leveraged for maximum benefit. The IPR policy formulated by IPR cell was adopted by Department of Science and Technology, Government of Rajasthan, Jaipur as state IPR policy for all Universities in 2019.

The IPR cell organizes workshops, seminars, and training sessions to educate the university community about the importance of intellectual property rights, including patents, trademarks, copyrights, and trade secrets. It works with academic departments to integrate IPR education into the curriculum, ensuring that students understand the basics of intellectual property as part of their academic training. The IPR cell assists researchers in identifying potentially patentable inventions and guides them through the patent application process. It provides legal assistance to protect intellectual property from infringement and manages disputes related to IP rights.
