NATIONAL SEMINAR ON “Advances in Natural Science for Indigenous Development in India”

30th September - 2nd October ,2015

Organised by

Indian Science Congress Association (ISCA)
Jaipur Chapter

Host Institution

Department of Botany
University of Rajasthan, Jaipur

INDIAN SCIENCE CONGRESS ASSOCIATION (ISCA)

Indian Science Congress Association (ISCA) owes its origin to the foresight and initiation of two British Chemists, namely Professor J. L. Simonsen and Professor P. S. MacMohan. Its first meeting was held at Kolkata in 1914. For the advancement of science in the country this is the biggest scientific body. Scientists and researchers can present their findings in 14 different sections of Annual session held every year during 3rd- 7th January. From this modest beginning with hundred and five members and thirty five papers communicated for reading at the first session, ISCA has grown into a strong fraternity with more than forty thousand members. There are 29 ISCA local chapters which started organising popular science lectures in different centres in India from 1962-63. The scheme envisages constructive work for the popularisation and advancement of science throughout the year. One of the major objectives of the ISCA is to inculcate scientific temper among the people and to encourage young scientists to grow up steadily in this direction.

ABOUT THE SEMINAR

India has made major strides in the field of natural science and technology and it has left its mark on every aspect of human life. From the development of various vaccines to genetically modified crops, tissue culture, ayurved, homeopathy, naturopathy or the launch of Aryabhata to the development of ICBMs, India has proved once again that its science and technology is superior to many other countries. The day is not far away when riding on the wings of indigenous Science and Technology, India will achieve new heights. If the science and technology in any product is indigenous, huge money will be saved towards intellectual rights 'Make in India' will go hand in hand with Science for Indigenous India and will lead India as a super power and global leader

This seminar will provide an opportunity to academicians, professionals and researchers to exchange views to innovate using indigenous natural resources that can bring inclusive sustained progress in India. The days not far away when riding on the wings of indigenous science & technology, India will achieve new heights.

UNIVERSITY OF RAJASTHAN

The University of Rajasthan is a vibrant community of scholars who stand in the service of Rajasthan as a whole. The University of Rajasthan is the oldest institution of higher learning in Rajasthan. It was established on 8th January 1947, as the University of Rajputana with the main objective of disseminating knowledge. It attracts students from all over Rajasthan and other parts of India and abroad. Besides focusing on dissemination of knowledge and search for excellence in teaching and research the University prepares the students as good future citizens and endeavours to inculcate amongst them a sense of discipline and dedication. The university is transforming its curricular activities keeping in view the recent trends of development.

CALL FOR ABSTRACTS

Abstracts are invited for poster/oral presentation with a primary objective of providing an opportunity to interact with peers on an individual basis. Kindly ensure that emphasis is made on the focal theme viz "National Seminar on Advances in Natural Science for Indigenous Development in India". Authors are invited to submit abstracts in about 250 words, to the Organising Secretaries. The text should be typed in 12 point, Arial Font with single line spacing. The mailing address of the corresponding author should be provided in the abstract. Last Date of receiving abstract is 10th September 2015

DEPARTMENT OF BOTANY

Department of Botany is one of the largest and oldest departments in the country, known for its pioneering work in the fields of Mycology, Plant Pathology, Morphology and Embryology. Now it has established itself as a research centre in Experimental Morphogenesis, Plant Biotechnology, Nematology, Cecidology, Seed Pathology, Taxonomy, Ethnobotany, Phytochemistry, Plant Ecology, Cytogenetics and Developmental Botany. The Department has 16 different laboratories where basic and applied research is conducted. It has received generous financial support from UGC (DRS), and DST(FIST), in addition to support from UGC, CSIR, DST, DBT, ICAR, ICMR, Rockefeller Foundation, DAAD and other funding agencies. The faculty has been awarded prestigious fellowships including Fulbright, Rockefeller, European Commission, DAAD, A v Humboldt, DFG, National overseas Commonwealth, INSA, etc.. Research students include NET qualified and other fellowship holders, Post Doctoral Fellows, Research Associates and Women Scientist Awardees.

REGISTRATION DETAILS

Delegates	Rs. 1250
Students	Rs. 750

Registration fee may be sent through Demand Draft in favour of "Indian Science Congress Association" payable at jaipur

**NATIONAL SEMINAR ON
"Advances in Natural Science
for Indigenous Development in India"**

30th September - 2nd October ,2015

Registration Form

(Please fill in BLOCK LETTERS)

Dr./Mr./Ms.

Designation

Institution / Department.....

Mailing Address

.....

City..... Pincode..... State.....

Tel. STD Code..... Res..... Fax.....

Mobile..... E-mail.....

PAYMENT DETAILS

Delegate

Student

Total

I am enclosing herewith Demand Draft No.....dated.....for Rs.....

(Rs.....only) Drawn on

bank..... in favour of '**Indian Science Congress Association**' payable at Jaipur

Signature of the Delegate

Please mail the completed Registration Form along with payment to:
